

Water Fun Day

The afternoon session was filled with working on advanced skills for Newfs preparing for the various water test levels.

Thank you to all that made this day possible including Sue Marino, Donna Thibault, Terry Linehan, Kathy Grim, Barbara Sturgeon, Everett Sturgeon (our event photographer), and Libby Bender.

Special thanks to Mark Fernald for donating the short lines that were given to all the beginners who registered and to NCNE Rescue for donating the homemade cookies given to the trainers as thank you gifts!

Congratulations to all the “Tadpoles” and their handlers!
